Executive Team and Leadership Coach

Coaching Services Costs:

I offer a range of coaching programmes for organisations and individuals

My intention is to provide coaching services to teams and leaders that are accessible and of high quality. This means I want to cater to a wide range of means whilst also ensuring that I have adequate support in supervision, CPD opportunities and insurance in place. I've created several options for 1-2-1 and team coaching.

Please consider the option that best suits your current needs and book a call to discuss these further. I place high value on a good coaching match and would encourage you to get in touch even if the following rates feel prohibitive at this point in time.

When you invest in working together you also invest in volunteering work I'm doing with young coaches through [Build Up. KYM](#) (2026); young asylum-seekers with [Hope for the Young](#) (2026), and supervising new coaches with [MOE Foundation](#). (since 2021)

1-2-1 Coaching:

Options:

- One-off coaching sessions paid by individual at £100/hr; if you are able to pay more you open up spaces for PWYC slots; Organisational rates are based on turnover and brief (get in touch for a quote);
- Coaching programmes of 3, 6 and 12 sessions (with discounts on longer programmes);
- PWYC - occasional pay-what-you-can slots open up, please don't let cost be a barrier to getting in touch.

See Team Coaching Costs on the next page.

Team Coaching: (3-6 people)

[Book a 30min complimentary call here for more information or a demo](#)

I approach team coaching briefs on an individual basis and would offer a quote based on team size, organisational turnover and a detailed brief co-created together.

Possible options: (not limited to)

- 4hrs (half-day session or broken down into smaller sessions);
- 6hrs coaching programme - monthly;
- 12hrs coaching programme - monthly.
- Retainers (ongoing monthly or quarterly support).
